### Public program

### 16:00 - 17:00 PM

Lighting talk: policy making and youth engagement experiences

Talk coordinated by Andrea Calori, Researcher and Partner, Està.

Young people are invading the squares all over the world to raise attention on climate change and our cities are more and more becoming a laboratory for new innovative collaborations between activists and institutions on food and climate policies. How can our cities dialogue with young people to create a more sustainable future? A roundtable with policy makers aimed at finding possible answers to this challenging question.

- Local authorities and the citizens engagement: the development of Milan's Food Waste Hubs – Andrea Magarini, Milan Food Policy

- Cities' role in shaping global food policies within MUFPP Global Forum – Filippo Gavazzeni, MUFPP

- Social justice, why food matters - with Caterina Sarfatti, C40

- Food policy: good practices from C40 network – with Stefania Amato, C40
